IDENTIFICATION

Passports are required for this tour at your expense. Certain countries require that your passport be valid at least 6 months beyond the dates of your travel. You are strongly urged to contact the appropriate consulate for details. Visit www.travel.state.gov for the U.S. State Department for the latest details about passports and visa requirements.

IMPORTANT: We recommend that travelers take a photocopy of their passport and applicable visas. It should be packed separately from your actual passport and visa. We also recommend leaving a copy at home with your emergency contact.

Effective for travel in 2024, all visitors who do not need a visa to enter Europe will be expected to apply for an ETIAS visa waiver, for a fee, when visiting a Schengen Area Country. To identify Schengen Area Countries and to complete the ETIAS application, please visit <https://www.etiasvisa.com/>

Because the northern lights are a winter event, you will be walking and waiting outdoors while looking for them. It is recommended that you wear sturdy non-slip snow footwear and warm clothing including thermals, hat, scarf and gloves.

Coaches which may not be lavatory equipped may be used on this program. In this case, stops are made during travel periods.

Hotel check-in on your day of arrival is 3:00 p.m. Rooms may not be available prior to that time.

The days and order of sightseeing may change to best utilize your time on tour.

This tour is not wheelchair accessible due to Arctic terrain.

To complete your tour, we include roundtrip airport-to-hotel transfers when purchasing our airfare with your tour. If you have arranged for your own air, we are pleased to provide you the option of purchasing these transfers. Please note that all transfers will leave at pre-scheduled times.

Outdoor activities and structures are weather dependent and may be unavailable or rescheduled. Outdoor activities in early November or April may vary depending on snowfall. If there is not enough snowfall, the husky safari will be substituted for a husky meet and greet and hike experience. The reindeer safari will be substituted with a horse drawn carriage northern lights search. The dog sledding activity requires you to be able to lower yourself into the sled.

***Glass igloos are equipped with only a private sink and toilet. A privacy curtain lines the base of the bedroom inside the igloo. Guests will have access to a public sauna house to use the shower in the morning. Overnights in igloos may be on the first night or last night at the Kaksilauttanen Arctic Resort.

*The northern lights are in the Northern Hemisphere from September through April and are only visible when the sky is clear and free of clouds. **As this tour is weather dependent, sightings of the northern lights are not guaranteed.**

Travel with just 16-24 guests on this tour where a smaller group setting means a more personal travel experience.

**Finnish log cabins (small cabins) are equipped with 1 double bed, 1 bunk bed, a dining space, two bathrooms (inclusive of sink, toilet and shower), private sauna and private fireplace (firewood not included).

Single accommodations are limited and are available on a first come, first served basis.

The overall activity level of this tour is a level 3. This means you're an on-the-go traveler. You don't want to miss a thing, so walking and standing for longer periods of time (2-3 hours) isn't a big deal. A moderately paced two-and-a-half-hour walking tour, covering several miles, hills, and uneven surfaces, is no problem for you. Walking four miles over the course of a day is very doable, as is climbing into and out of various modes of transportation (tuk-tuk, cable car, zodiac, etc.). You can climb three flights of stairs easily and handle altitudes between 6,000 and 9,000 feet.

Experience It! The Northern Lights

Each year, during the winter months, travelers journey to Finland and venture out into the dark to see the magical but elusive northern lights. This natural phenomenon is the product of collisions between electrically charged particles from the sun that enter the earth's atmosphere, yielding spectacular results. Streaks of colorful light that change from white to pink to purple, and most commonly, to green, dazzle and move the open sky like it's nature's own dance party. It is known that the best time to witness the northern lights in Finland is from late September to mid-April, when the nights are the longest. Well worth the pursuit, this is a truly remarkable light show that's not to be missed.
